## Profile

I have hands-on experience efficiently coding websites and applications using modern HTML, CSS, JavaScript and .NET.

Building state-of-the-art, easy-to-use, user-friendly websites and applications is truly a passion of mine and I am confident I would be an excellent addition to the organization that I work for. In addition to my knowledge base, I actively seek out new technologies and stay up-to-date on industry trends and advancements.

## Organisations

---

### GDG Mugla, Organizer and Developer [↗](#)

09/2020 – 03/2021

When you join a Google Developer Group, you'll have the opportunity to meet local developers with similar interests in technology. A GDG meetup event includes talks on a wide range of technical topics where you can learn new skills through hands-on workshops. The community prides itself on being an inclusive environment where everyone and anyone interested in tech - from beginner developers to experienced professionals - all are welcome to join.

- I organized and helped with some events.
- I developed the GDG&WTM Mugla website.

## **DSC MSKU, Core Team Member**

08/2019 – 08/2020

Developer Student Clubs are university-based community groups for students interested in Google developer technologies. By joining a DSC, students grow their knowledge in a peer-to-peer learning environment and build solutions for local businesses and their community.

- I organized and helped with some events.
