### Profile

I have hands-on experience efficiently coding websites and applications using modern HTML, CSS, and JavaScript.

Building state-of-the-art, easy-to-use, user-friendly websites and applications is truly a passion of mine and I am confident I would be an excellent addition to the organization that I work for. In addition to my knowledge base, I actively seek out new technologies and stay up-to-date on industry trends and advancements.

### Professional Experience

#### Intern Front-End Developer, T-Soft

02/2022 – 06/2022

- I developed the web pages of technological products by considering the UI and UX principles.
- I taught modern coding structures and modern web technologies to my friends on the team.

#### Intern Front-End Developer, Nutima Code

03/2021 – 10/2021

- I improved my Vue.js skills by building thoroughly modern and responsive websites.
- I developed an npm package called vue-color-picker-basic  for a project and shared it with the community.

### Bootcamps

#### Erka React Bootcamp

05/2022 – 06/2022

At the end of the Bootcamp, I've learned the below things:

- Components and Props,
- State and Lifecycle,
- Forms,
- Context API,
- React Router.

#### Gelecek Varlık FullStack Bootcamp

11/2021 – 01/2022

At the end of the Bootcamp, I've learned the below things:

- .NET Core,
- N-Tier Architecture,
- RESTful API,
- React.

## Skills

- React
- Vue.js
- JavaScript
- Tailwind CSS
- Bootstrap
- Sass
- Git
- Firebase

## Projects

### Vue Color Picker

A super simple color picker component for Vue.js.

[Click to preview the project.](#) 

### V-Book

A web app where you can view the top 100 classical books. I use Vue.js & Vue Router & Json-Server with this project

### Vue Web Form

A web form based on Vue.js v3.

[Click to preview the project.](#) 

### Vue Kanban Board

A Kanban Board Todo App with Vue.js 2, Vue Router, Firebase, and Bootstrap-Vue.

[Click to preview the project.](#) 

### Reaction Timer

A reaction game built with Vue.js v3.

[Click here to play the game.](#) 

### Vue ToDo App

Super basic Vue.js 3 Todo App coded with Composition API.

[Click to preview the project.](#) 

### COVID-19 Turkey Data

My goal in this project is to analyze the coronavirus data in the data set to make it meaningful and visualize it.

[Kaggle link](#) 

### Stuvent Mobile, for IEEE MadC | Mobile Application Development Contest

My goal in this project is to announce the events that will take place at the university through the mobile application.

## Organisations

### GDG Mugla, Organizer and Developer

09/2020 – 03/2021

When you join a Google Developer Group, you'll have the opportunity to meet local developers with similar interests in technology. A GDG meetup event includes talks on a wide range of technical topics where you can learn new skills through hands-on workshops. The community prides itself on being an inclusive environment where everyone and anyone interested in tech - from beginner developers to experienced professionals - all are welcome to join.

- I organized and helped with some events.
- I developed the GDG&WTM Mugla website.

**DSC MSKU, Core Team Member** 

08/2019 – 08/2020

Developer Student Clubs are university-based community groups for students interested in Google developer technologies. By joining a DSC, students grow their knowledge in a peer-to-peer learning environment and build solutions for local businesses and their community.

- I organized and helped with some events.

## Education

**Information Systems Engineering,**

09/2018 – 06/2022

Mugla Sitki Kocman University

**I graduated from my university with the first place in my department and my faculty.**

GPA: 3.63

## Awards

**Certificate of Achievement,** Prof. Dr. Hüseyin ÇİÇEK

06/2022

I congratulate your academic performance at our university, your efforts to be entrepreneurial, innovative and individuals with high national awareness, and I wish you a life full of success with the belief that you will always work hard in line with our country's strong Turkey ideal.

**Certificate of Achievement,** Prof. Dr. Hilmi TOKER

01/2022

I congratulate you on your project titled "E-Parent Artificial Intelligence Supported Baby Growth Application", which was deemed worthy of support within the scope of "TÜBİTAK 2209/A University Students Research Projects Support Program" and wish you continued success.

## Certificates

**Beginner Frontend Web Development Path** 

*JavaScript, Data Structures and Algorithms, Bootstrap, CSS, HTML, GIT, Visual Studio Code, Essential Lessons for Everyone*

**Gelecek Varlık Fullstack Bootcamp** 

*.Net Core and React, N-Tier Architecture, RESTful API.*

**Cisco Networking Academy Introduction to Cybersecurity course, and demonstrating the ability to explain the following:**

*Global implications of cyber threats, Ways in which networks are vulnerable to attack, Impact of cyber-attacks on industries, Cisco's approach to threats detection and defense*

**Cisco Networking Academy Mobility Fundamentals course, and demonstrating the ability to do following:**

*Wireless technologies, Wireless LAN standards, Wireless LAN access point, router and client, Wireless LAN security, troubleshoot Wireless LANs*

**Computer Aided Advertising and Design** 

*I can use most Adobe Technologies: Photoshop, Illustrator, InDesign, etc.*

*Certificate ID: 16012820170051199318*
